From 1988 through the present - a period that included serious corrections and recessions - the Zacks #1 Rank Stocks have nearly tripled the market with a fully documented average gain of +28% per year.

Here is a summary of today's selected stocks that are now highly rated by Zacks:

Aggressive Growth - SolarWinds

SolarWinds, Inc has a relatively short, but strong earnings history. The most recent quarter was record-setting and better than expected.

Momentum - Hansen Natural Corp.

Hansen Natural Corp. has produced big gains in 2011, recently rebounding from a small pull back to move back within striking distance of the all-time high. With estimates on the rise and a bullish growth projection, this Zacks #1 Rank stock offers a refreshing take on momentum.

Value - Agrium Inc.

Is it 2008 all over again for Agrium Inc. The company recently reported a record second quarter yet shares have sold off, reminiscent of late 2008 when earnings were also solid but shares slid. This Zacks #1 Rank (strong buy) is again cheap, with a forward P/E of only 9.4.

Underlying the four free stock picks is a simple truth that first appeared in a Financial Analysts Journal article published in 1979. Leonard Zacks, a Ph.D. from M.I.T. found that 'earnings estimate revisions are the most powerful force impacting stock prices.' Zacks #1 Rank is awarded to a stock when analysts sharply upgrade their estimates of what the company will earn.
