

Western Copper shareholders approve spin-out of Copper North Mining Corp. and NorthIsle Copper and Gold Inc.

03.10.2011 | [CNW](#)

VANCOUVER, Oct. 3, 2011 - [Western Copper Corporation](#) ('Western Copper' or the 'Company') is pleased to announce its shareholders have voted 38,613,048 shares (99.8%) in favour of approving the spin-out of [Copper North Mining Corp.](#) ('Copper North') and [NorthIsle Copper and Gold Inc.](#) ('NorthIsle') at a special meeting of shareholders held today in Vancouver.

The transaction will include the transfer of Western Copper's 100% interest in the Carmacks Copper Project and the Redstone Project, along with \$2 million, to Copper North, and the transfer of the Company's 100% interest in the Island Copper Project, along with \$2.5 million, to NorthIsle.

The spin-out will be completed by way of plan of arrangement, as part of which the Company will also change its name from Western Copper Corporation to Western Copper and Gold Corporation to better reflect the significant gold mineral resources and reserves in the Casino project. Upon completion of the plan of arrangement, Western Copper shareholders will be entitled to receive one-half of a common share of Copper North, one-half of a common share of NorthIsle and one common share of the renamed Western Copper and Gold Corporation for every one common share of the existing Western Copper.

Each Western Copper warrant holder on the effective date of the plan of arrangement will be entitled to receive on exercise of such warrants following the effective date of the plan of arrangement for the same exercise price, one-half of a common share of Copper North, one-half of a common share of NorthIsle and one common share of the renamed Western Copper and Gold Corporation in lieu of one common share of the current Western Copper.

Each Western Copper option holder on the effective date of the plan of arrangement will receive new options, as applicable, for renamed Western Copper and Gold Corporation shares, Copper North shares and NorthIsle shares at adjusted exercise prices. The adjusted exercise prices will be based on the volume weighted average trading price of the Western Copper and Gold shares, Copper North shares and NorthIsle shares for the five trading days following the dates on which the Copper North shares and NorthIsle shares, respectively, commence trading on the TSX Venture Exchange.

The spin-out transaction remains subject to final court approval and acceptance from the Toronto Stock Exchange and the TSX Venture Exchange.

Applications have been submitted to the TSX Venture Exchange for the listing of the common shares of Copper North under the trading symbol 'COL' and the listing of the common shares of NorthIsle under the trading symbol 'NCX', respectively, sometime following the completion of the plan of arrangement. Listing of the common shares of Copper North and NorthIsle is subject to approval by the TSX Venture Exchange. Copper North and NorthIsle will not be listed on the NYSE Amex.

The Company will provide further guidance on the anticipated effective date of the plan of arrangement and any listing of the common shares of Copper North and NorthIsle on the TSX Venture Exchange.
