About NovaGold

NovaGold is a precious metals company engaged in the exploration and development of mineral properties primarily in Alaska, U.S.A. and British Columbia, Canada. The Company is focused on advancing its flagship property, Donlin Gold and offers superior leverage to gold with one of the largest reserve/resource bases of any junior or mid-tier gold exploration company. The Company is also committed to maximizing the value of its non-core assets, including its interest in the Galore Creek copper-gold-silver project. NovaGold has a strong track record of expanding deposits through exploration success and forging collaborative partnerships, both with local communities and with major mining companies. The Donlin Gold Project in Alaska, one of the world's largest known undeveloped gold deposits, is held by a limited liability company owned equally by wholly-owned subsidiaries of NovaGold and [Barrick Gold Corporation](#). The Galore Creek Project in British Columbia, a large copper-gold-silver deposit, is held by a partnership owned equally by wholly-owned subsidiaries of NovaGold and [Teck Resources Limited](#). NovaGold, through its wholly-owned subsidiary, [NovaCopper Inc.](#), which it plans to spin-out to shareholders, owns a 100% interest in the high-grade Ambler copper-zinc-gold-silver deposit in northern Alaska. The Company also owns other earlier-stage exploration properties. NovaGold trades on the TSX and NYSE-AMEX under the symbol NG.
