PERTH, AUSTRALIA -- (Marketwire - Dec. 22, 2011) - The Board of [Western Areas](#) (TSX:WSA) (ASX:WSA) is pleased to announce the Company has reached agreement to close-out its ongoing royalty arrangements with Outokumpu Mining Australia Pty Ltd (Outokumpu) for US\$30m (tax effective price US\$21m). The agreement is payable in two instalments, with US\$15m payable this month and US\$15m due 12 months later.

As a consequence, all future production and resource extensions from Flying Fox and Spotted Quoll mines will now be free of the royalty payment which is 2% of Net Smelter Return (sales revenue net of transport costs). Western Areas Managing Director, Mr Julian Hanna said, "We are pleased to remove any ongoing royalty payments to Outokumpu at an effective outlay of US\$21m. During the 2010/11 financial year the Company paid royalties to Outokumpu of US\$8.8m. We believe this is a 'win-win' outcome for the two companies".

"Any new discovery and subsequent mining operation in the Forrestania region was previously subject to the Outokumpu royalty. Therefore deposits such as Diggers South, New Morning, Cosmic Boy and the other exciting targets in our extensive tenement portfolio are now exempt which should improve the economics of these projects."

Pursuant to the agreement, royalty obligations to Outokumpu ceased on 30 September 2011.

Western Areas has no other royalty obligations outside of the standard WA State Government regime.
