# Pacific Gold Corp. - New Equipment Purchase and Installation

12.12.2011 | Marketwired

TORONTO, ONTARIO -- (Marketwire - Dec. 12, 2011) - Pacific Gold Corp. (OTCQB:PCFG) (PINK SHEETS:PCFG) ("PCFG") announced that Nevada Rae Gold, Inc., ("NRG") a subsidiary of PCFG, has purchased a 36" twin sand screw for use at the Black Rock Canyon Mine. The sand screw works with the plants' hydro cyclone to remove larger particles of sand prior to the process slurry being fed to the geotextile tubes. The removal of this larger sand reduces the volume of material being fed to the geotextile tubes and helps to manage the clean-up of tailings from the hydro cyclone.

Nevada Rae Gold has already received approval from the NDEP and has completed the installation of the new equipment.
