

International PBX Ventures Signs Copaquire Joint Venture Option Agreement with OZ Minerals

23.05.2012 | [Marketwired](#)

VANCOUVER, BRITISH COLUMBIA -- ([Marketwire](#) - May 23, 2012) - [International PBX Ventures Ltd.](#) ("PBX" or the "Company") (TSX VENTURE:PBX) is pleased to announce that it has signed a definitive Joint Venture Option Agreement (the "Agreement") with OZ Exploration Chile Limitada, a wholly owned subsidiary of OZ Minerals Limited of Australia ("[OZ Minerals](#)"), on PBX's Copaquire copper molybdenum property ("Copaquire") in northern Chile. The Agreement is subject to shareholder and regulatory approval; a special shareholders meeting will be announced shortly.

The terms of the Agreement allow OZ Minerals to earn a 90% interest in Copaquire by making cash payments of \$90 million and drilling up to 30,000 meters.

"PBX is very pleased to present this agreement to its shareholders. OZ Minerals is an experienced mine builder and the strong partner we have been looking for. With the work PBX has completed to date, OZ Minerals now recognizes Copaquire's potential to become a significant operating mine in Chile," said George Sookochoff President and CEO of International PBX Ventures. "This agreement represents an important milestone for Copaquire as it advances to the next stage of development."

Principle Terms of the Option Agreement:

Under the Agreement, OZ Minerals will pay \$USD 200,000 in cash in consideration for PBX granting OZ Minerals the option to conduct two stages of drilling to purchase equity in Copaquire, and make additional cash payments to the Company of \$USD 100,000 for its assistance in each of two stages of drilling. OZ Minerals will fund all of the costs associated with the proposed drilling programs.

Stage 1: OZ Minerals will drill up to 15,000 meters on the Copaquire project.

Stage 2: If OZ Minerals elects to proceed to stage 2, OZ Minerals will pay PBX \$USD 10 million for 10% participating equity in Copaquire and drill up to an additional 15,000m.

Following the completion of Stage 2, OZ Minerals may exercise its option to acquire an additional 80% interest by paying PBX an additional \$USD 80 million after which OZ Minerals and PBX will continue to develop the Copaquire property on a joint venture basis.
