VANCOUVER, BRITISH COLUMBIA -- (Marketwire - July 12, 2012) - [Golden Reign Resources Ltd.](#) (TSX VENTURE:GRR) (the "Company") is pleased to announce that it has closed a private placement offering (the "Offering") of 4,711,640 units (the "Units") priced at \$0.67 per Unit for gross proceeds of approximately \$3.16 million. Each Unit consists of one common share (a "Common Share") and one transferable common share purchase warrant (a "Warrant"). Each Warrant will entitle the holder to acquire one additional Common Share at a price of \$0.80 per share until July 12, 2014. All securities issued as part of the Offering will be subject to a four-month hold period expiring on November 13, 2012.

The Offering was completed by a syndicate of agents led by Stonecap Securities Inc. and included Union Securities Ltd. and Salman Partners Inc. (collectively, the "Agents"). In consideration, the Agents and certain selling agents received an aggregate cash commission of \$117,300 and non-transferable broker warrants to acquire an aggregate of 138,269 common shares at a price of \$0.67 per share until July 12, 2014. A total of \$801,000 of the Offering was non-brokered.

The net proceeds from the Offering will facilitate the on-going advancement of the Company's projects in Nicaragua and for general working capital.

Golden Reign is currently completing its 2011/2012 definition drill program at the San Albino Mine area of its flagship San Albino-Murra Gold Property. The San Albino Mine area represents only 2 square kilometres within the highly prospective Corona de Oro Gold Belt. This gold belt spans the Company's 138 square kilometre land package and is approximately 3 kilometres wide by 25 kilometres long. A NI 43-101 compliant maiden resource calculation for the San Albino Mine area is anticipated to be completed in Q3 2012.

Insider Participation in Offering

Kim Evans, Len Dennis, Bryce Porter and William Meyer participated in the Offering, subscribing for an aggregate of 95,000 units for proceeds of \$63,650. The participation by the directors is considered a "related party transaction" as defined under Multilateral Instrument 61-101 ("MI 61-101"). The transaction is exempt from the formal valuation and minority shareholder approval requirements under MI 61-101 as neither the fair market value of the units issued to, nor the consideration paid by, the related parties exceeded 25% of the Company's market capitalization.

The Company did not file a material change report more than 21 days before the expected closing of the Offering as the details of the financing and the participation by the related parties were not settled until shortly prior to closing and the Company wished to close the Offering on an expedited basis for sound business reasons.
