About Equatorial Resources Limited:

Equatorial Resources Limited (ASX:EQX) is focused on the exploration and development of two 100% owned potentially large-scale iron ore projects located in the politically stable and investment friendly

Republic of Congo (ROC) in the emerging global iron ore province of Central West Africa.

The Mayoko-Moussondji Iron Project, located in the southwest region of the ROC, has an estimated global exploration target of between 2.3 and 3.9 billion tonnes<sup>1</sup> of iron mineralisation at a grade of 30% to 65% Fe. The project has access to a rail line running directly to the deep-water port of Pointe-Noire, where the Company's operational office is located.

The Badondo Iron Project, in the northwest region of ROC, covers 998km<sup>2</sup> and includes a ridgeline more than 7km long of outcropping iron mineralisation. The project is located within a regional cluster of world-class iron ore exploration projects including Sundance Resources; Mbalam and Nabeba projects.
