

# Tresoro Announces Revocation Of British Columbia Cease Trade Order

14.11.2012 | [PR Newswire](#)

VANCOUVER, Nov. 14, 2012 /PRNewswire/ -- [Tresoro Mining Corp.](#), (OTCQB: TSOR) (the "Company" or "Tresoro") announces that the cease trade order (the "CTO") issued by the British Columbia Securities Commission (the "BCSC") on May 4, 2012 was revoked effective November 13, 2012. The BCSC issued the CTO as a result of the following:

1. The Company's annual information form for the year ended February 28, 2010 (the "2010 AIF"), which was filed on SEDAR pursuant to Part 6 of National Instrument 51-102 Continuous Disclosure Obligations ("NI 51-102") and section 5(c) of BCI 51-509, disclosed scientific and technical information about the Guayabales property, which is a material property to the Company, that included references to a technical report dated May 28, 2010 (the "2010 Report") that contains certain disclosure relating to measured, indicated and inferred mineral resource estimates for the Guayabales Project. However, the 2010 Report does not support the disclosure or material scientific and technical information in the 2010 AIF;
2. The Company's annual information form for the year ended February 28, 2011 (the "2011 AIF") disclosed scientific and technical information about the Guayabales property and refers to an updated technical report dated February 8, 2011 (the "2011 Report") that contains certain disclosure relating to measured, indicated and inferred mineral resources estimates for the Guayabales Project. However, the Company failed to file the 2011 Report as required by section 4.2(1)(f) of National Instrument 43-101 Standards for Disclosure for Mineral Projects ("NI 43-101");
3. The Company included similar statements about mineral resources in its various Management Discussion and Analysis ("MD&A"), including those filed for all periods ending in 2010 through to present; and
4. A research report prepared on August 17, 2010 by a third party, which received compensation from the Company for such report, and is linked to a September 17, 2010 news release contains estimates of mineable reserves, gold mining revenues and current value that constitute a material change in the affairs of the Company. However, the Company failed to immediately issue and file a news release disclosing the nature and substance of the material change and file a material change report as required under section 7.1 of NI 51-102.

## About Tresoro Mining Corp.

[Tresoro Mining Corp.](#) is a mineral exploration company. The Company's primary project is to develop the Guayabales Gold Project located in the Marmato Gold District, in Caldas, Colombia. The Project is a bulk-tonnage, gold-silver target that is amenable to open pit mining as well as higher-grade gold-silver mineralization that can be drawn out with selective underground mining techniques. Historically Colombia has been one of the largest gold producers in the world and the Colombian mining industry remains one of the most dynamic and promising sectors of the Colombian economy.
