

Redhawk Resources, Inc. Announces Launch of Updated Website

12.09.2012 | [Marketwired](#)

VANCOUVER, Sept. 12, 2012 - [Redhawk Resources, Inc.](#) ("Redhawk" or the "Company") (TSX:RDK) (OTCQX:RHWKF) (FRANKFURT:QF7) is pleased to announce the launch of its new website, www.redhawkresources.com. The redesigned website, which includes a new, user-friendly interface with concise content, is designed to give investors a better understanding of Redhawk's current operations as well as the extent of historical development of the Copper Creek project. The launch of the new website also showcases a newly-developed site visit tour video and access to information through various social media avenues. The site will provide investors with timely access to information concerning the many advancements occurring on our project.

About Redhawk

[Redhawk](#) is a Canadian-based resource exploration and development company with primary focus on the accelerated development of its advanced stage Copper Creek copper-molybdenum project in San Manuel, Arizona. The 100% owned Copper Creek property consists of approximately thirty square miles of contiguous patented and unpatented mining claims and state prospecting permits, located about 70 miles northeast of Tucson, Arizona and about 15 miles east of San Manuel. The property is in the prolific southwest US porphyry copper belt at the projected intersection of a major northwest belt of porphyry copper deposits or mines (Ray, Miami/Globe, Superior/Resolution, Johnson Camp) and a major east-northeast belt of porphyry deposits (San Manuel/Kalamazoo, Silver Bell, Lakeshore, Safford, Morenci). The property is within sight of the former BHP Kalamazoo/San Manuel copper smelter and mine and within 30 miles of an existing operating copper mill and smelter. The area is a mining friendly and politically secure location with excellent and readily accessible infrastructure including power, rail, water, roads and qualified consultants.
