## ABOUT MOLYCORP, INC.

One of the world's leading manufacturers of custom engineered rare earth and rare metal products, [Molycorp](#) is vertically integrated from its world-class rare earth resource to its advanced downstream processing facilities. With 26 locations across 11 countries, the Company also produces rare earth magnetic materials through its Molycorp Magnequench subsidiary, including neodymium-iron-boron (NdFeB) magnet powders, used to manufacture bonded NdFeB permanent rare earth magnets. Through its Intermetallics Japan joint venture with Daido Steel and the Mitsubishi Corporation, Molycorp manufactures next-generation, sintered NdFeB permanent rare earth magnets. Through its Molycorp Advanced Water Technologies subsidiary, the Company markets and sells its proprietary, cerium-based advanced water purification technology called SorbX(tm) for use in municipal and industrial wastewater treatment, recreational water, and pool and spa water treatment markets.
