CIC Energy Receives Botswana Competition Authority Approval

ROAD TOWN, Tortola, British Virgin Islands, Aug. 27, 2012 /CNW/ - [CIC Energy Corp.](#) ("CIC Energy" or the "Company") (TSX:ELC, BSE:CIC Energy) announces that the proposed acquisition of CIC Energy by Jindal Steel & Power (Mauritius) Limited ("Jindal") was approved by the shareholders of CIC Energy at the special meeting of shareholders held earlier today. Approximately 97.0% of the votes cast at the meeting were voted in favour of the proposed acquisition, or 96.6% excluding the votes attached to the shares held by Messrs. Newfield and Kinross. The Company's report of voting results will be available shortly under CIC Energy's SEDAR profile at www.sedar.com.

Under the terms of the merger agreement (the "Merger Agreement") with Jindal and its wholly-owned subsidiary, Jindal (BVI) Ltd. ("Jindal BVI"), CIC Energy will merge with Jindal BVI, with Jindal BVI being the surviving entity (the "Merger").

In addition, CIC Energy is pleased to report that it has received the approval of the Botswana Competition Authority under the Competition Act (Botswana) for the acquisition of CIC Energy by Jindal.

The receipt of this approval, along with the approval of CIC Energy shareholders satisfies two of the conditions precedent under the Merger Agreement with Jindal.

Upon the completion of the Merger, the holders of the outstanding shares of CIC Energy will receive CDN\$2.00 per share. This price represents a premium of 65% to the volume-weighted average trading price for CIC Energy's shares on the TSX for the 30-trading day period ending on July 17, 2012, the last trading day prior to the announcement of the indicative price. It also represents a 42% premium to the closing price of CIC Energy shares on the TSX the day before the proposed acquisition was announced (July 22, 2012).

The Merger is expected to close within the next two weeks and, in any event, no later than October 9, 2012, subject to the satisfaction of certain conditions precedent, including receipt of approval from the Minister of Minerals, Energy and Water Resources in Botswana and the absence of any material adverse changes respecting the Company (see the Company's news releases of July 23 and 31, 2012).
