About the Company

[Sirocco Mining Inc.](#) is a Canadian company which produces iodine from its Aguas Blancas mine in northern Chile. In addition, the Company has exploration interests in Brazil and West Africa and is actively assessing other opportunities in the resource sector.

Cautionary Statements

This news release contains forward-looking statements concerning the Company's plans for its business and properties,. These forward-looking statements are subject to a variety of risks and uncertainties which could cause actual events or results to differ materially from those reflected in the forward-looking statements, including, without limitation, risks and uncertainties relating to political risks involving the Company's exploration and development of its properties, the inherent uncertainty of cost estimates and the potential for unexpected costs and expenses, commodity price fluctuations, the inability or failure to obtain adequate financing on a timely basis and other risks and uncertainties, including those described in the Company's periodic filings with the British Columbia Securities Commission. Such information contained herein represents management's best judgment as of the date hereof based on information currently available. The Company does not intend to update this information, except as required by law, and disclaims any legal liability to the contrary.

On behalf of the Board,

Richard Clark
President & CEO
