The Company also reports that further to its news release of March 27, 2013 announcing operational changes, it has terminated the Investor Relations positions of Messrs. Raju Wani and Tony Perri and will maintain the investor communication functions in house in an effort to streamline operations.

Also, the Company announces that further to the news release of May 2, 2013, it has reached a settlement with Acer Capital Group ("Acer") in the amount of US\$185,000. The settlement is an effective full and final general release of Acer's claims and Acer has filed a dismissal of the lawsuit.

About Golden Band

[Golden Band Resources](#) is a gold producer operating in the La Ronge gold belt in northern Saskatchewan and is listed on the TSX Venture Exchange in Canada under the symbol GBN and traded in the United States on the OTCQX under the symbol GBRIF. The Company has two producing mines, Roy Lloyd and Komis. Commercial production was declared on April 1, 2011. On February 26, 2013, the Company announced a temporary halt of mining at the Komis deposit to free up equipment and personnel for the construction of road access to the Golden Heart deposit. Operations at the Company's Roy Lloyd mine and Jolu Mill continue. The Company has been actively exploring the La Ronge Gold Belt since 1994 and has assembled a land package of 870 km², including 13 known gold deposits and four former producing mines, being Jolu, Decade, Star Lake and Komis. The Company plans to undertake aggressive drill programs throughout the La Ronge Gold Project with the goal of significantly expanding the existing NI 43-101 gold resources that have been identified to date.
