Vancouver, B.C.

- [Tower Resources Ltd.](#), (TSX.V: TWR) has received a Multi-Year Area Based (MYAB) Notice of Work permit from the B.C. government authorizing a multi-disciplinary five year exploration program at its JD Project.

Under this new Notice of Work permit Tower has permission over five years to complete 30,000 metres of drilling from 100 pad locations covering the majority of known target areas. Historically the property benefited from an access road providing the opportunity to drill from skid-mounted set ups, thus eliminating the high-cost of helicopter support. This road has since been deactivated. Tower now has permission to complete 34 kilometers of road upgrade, bridge installation, an additional 24 kilometers of new road construction and trail construction for skid mounted drilling. Camp installation and 500 metres of trenching is also permitted. This new permit sets a good framework for advanced project development and exploration to be completed over a five year time frame.

Tower's 100% controlled JD epithermal gold and silver property is located in the significant Toodoggone gold district of north central British Columbia. The JD Property is comprised of over 15,000 hectares located 200 kilometres east of Dease Lake, BC and approximately 50 kilometres north of Aurico Gold Inc.'s past producing Kemess South Mine.

Forward-Looking Statements

This news release contains certain "forward-looking statements", as defined in the United States Private Securities Litigation Reform Act of 1995, and within the meaning of Canadian securities legislation. The Company cautions that forward-looking statements are based on the beliefs, estimates and opinions of the Company's management on the date the statements are made and they involve a number of risks and uncertainties. Consequently, there can be no assurances that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. The Company undertakes no obligation to update these forward-looking statements if management's beliefs, estimates or opinions, or other factors, should change, except as required by law. There are numerous risks and uncertainties that could cause actual results and West Cirque's plans and objectives to differ materially from those expressed in the forward-looking information. The reader is urged to refer to the Company's public disclosure which is available through the Canadian Securities Administrators' System for Electronic Document Analysis and Retrieval (SEDAR) at www.sedar.com for a more complete discussion of such risk factors and their potential effects.
