Crown Gold Acquires Copper Property from Starfield Resources

12.07.2013 | The Newswire

TORONTO, CANADA, July 12, 2013 - Crown Gold Corporation ("Crown" or the "Company") (TSX Venture: CWM) is pleased to announce that is has purchased a copper property (the "Property") from Nevoro Copper Inc., a subsidiary of Starfield Resources Inc. ("Starfield"). The Property is located 14 miles southwest of the town of Susanville in Plumas County in northeastern California, 104 miles northwest of Reno, Nevada.

The Property consists of 132 unpatented mining claims and a lease of 36 patented mining claims, which includes the former Engels Mine and Superior Mine. These two mines have reported joint production of 161.5 million pounds of copper, 23,000 ounces of gold, and 1.9 million ounces of silver recovered from 4.7 million tons of ore between 1914 and 1930.

The Property was part of a larger property package that was worked by Placer Dome (or its subsidiary Amex) from 1962-1994. Starfield acquired the Property in its merger with Nevoro Inc. in 2008 and managed two small but promising drill programs in 2009 and 2010.

Crown will be reviewing the data on the Property over the next month to determine how best to move this project forward and will be releasing more information as it becomes available.
