

Tirex Resources Appoints Honourable Sheila Copps OC, former Deputy Prime Minister of Canada, as Special Advisor

30.08.2013 | [Newsfile](#)

Vancouver, British--(Newsfile Corp. - August 29, 2013) - [Tirex Resources Ltd.](#) (TSXV: TXX) ("Tirex") is pleased to announce it has appointed the Honourable Sheila Copps to the position of Special Advisor.

- former Deputy Prime Minister of Canada, Honourable Sheila Copps appointed
- Ms. Copps is also a former Canadian Minister of Environment
- internationally recognized for her leadership on environment issues

Ms. Copps, the first woman ever named to the post of Deputy Prime Minister of Canada, also served as Canada's Minister of Environment. She was at the forefront of internationally recognized environmental assessment legislation. As Minister responsible for Canada's National Park System, Ms. Copps introduced the concept of ecological integrity, which has subsequently been adopted internationally. She also spearheaded the UNESCO convention on cultural diversity. Her leadership in areas such as environmental stewardship, and women's and minority rights has been recognized not only in Canada but throughout the world.

Ms. Copps was a long standing cabinet member in Canada, serving as a Minister for 10 years. In addition to her role as Deputy Prime Minister and Minister of Environment, she also served as Minister of Canadian Heritage, responsible for parks, broadcasting, arts and culture, status of women, urban Aboriginals, multiculturalism, official language and sport policies. She is the author of two books and has also worked as a journalist, broadcaster and political commentator in both English and French. On December 30th, 2012, Ms. Copps was appointed an Officer of the Order of Canada, recognizing a lifetime of achievement and merit.

Tirex Chief Executive Officer, Mr. Bryan Slusarchuk, states, *"Canadians have long respected Ms. Copps for her role as Deputy Prime Minister of our nation, but also for having ushered in some of the most stringent environmental regulations in the world during her tenure as Minister of Environment. As Albania moves towards European Union integration, an increasing emphasis will be put on companies' operations as they pertain to environment, health, safety and community. Ms. Copps will act as a key advisor to Tirex to ensure the Company continues to act as a leader in these areas. As Albania moves towards the European Union, who better to advise Tirex than an individual who achieved international acclaim in her role as Minister of Environment."*

On June 23rd, 2013, Albania held general elections and the Alliance for a European Albania (ASHE) won these elections decisively. Under the leadership of Prime Minister Designate Edi Rama, the ASHE will take power on September 9th, 2013. The ASHE has made European Union integration a key priority of the new government and has also recently announced his incoming cabinet which consists of the largest number of female appointees in Albanian history. Prime Minister Designate Rama has also named former British Prime Minister Tony Blair as an advisor to the incoming government.

Tirex President, Mr. Fred Tejada, P.Ge, states, *"Tirex has operated to a best practices approach in terms of environment, health, safety and community since starting work in Albania six years ago. With Ms. Copps advising on these matters and with continued support in these areas from the EBRD, we are targeting a continued leadership role in this new era of Albanian mineral exploration and development."*

On Behalf of Management,

Bryan Slusarchuk,
CEO

Forward-Looking Statements. This Tirex News Release may contain certain "forward-looking" statements and information relating to Tirex. Such statements include but are not limited to statements about the Agreement, Licenses, the production arrangements and the timing of the mine development, and production. Often forward-looking statements or information include words such as "plans", "expects", "intends", "anticipates", "estimates" "forecasts", or variations of such words and phrases or statements that certain actions, events or results "may", "could", "would", "might" or will be taken occur or be achieved. Although forward-looking statements and information contained in this release are based on the beliefs of Tirex management, which we consider to be reasonable, as well as assumptions made by and information currently available to Tirex management, there is no assurance that the forward-looking statement or information will prove to be accurate. The assumptions made include assumptions about Tirex's ability to move forward with the arrangements as set out in the definitive agreement and as set out in the order of METE. The forward-looking statements and information contained in this release are subject to current risks, uncertainties and assumptions related to certain factors including, without limitations, obtaining all necessary approvals, feasibility of mine and plant development, exploration and development risks, expenditure and financing requirements, title matters, operating hazards, metal prices, political and economic factors, competitive factors, general economic conditions, relationships with vendors and strategic partners, governmental regulation and supervision, seasonality, technological change, industry practices, and one-time events as well as risks, uncertainties and other factors discussed in our quarterly and annual and interim management's discussion and analysis. Should any one or more of these risks or uncertainties materialize or change, or should any underlying assumptions prove incorrect, actual results and forward-looking statements and information may vary materially from those described herein. Accordingly, readers should not place undue reliance on forward-looking statements and information contained in this release. We undertake no obligation to update forward-looking statements or information except as required by law. The six mineral areas which Tirex will contribute to OpCo are historical in nature, and Tirex has not reported any mineral resource (as defined in NI 43-101) and there are no NI 43-101 compliant technical reports prepared in respect thereto.

"Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this news release."
