

# Aegean Metals Group Inc. Enters Into Consulting Agreement

01.10.2013 | [Marketwired](#)

VANCOUVER, Oct 1, 2013 - [Aegean Metals Group Inc.](#) (TSX VENTURE:AGN) ("Aegean" or the "Company") is pleased to announce that it has retained Kelly Earle of Vancouver, British Columbia, on a part-time basis, to develop and provide investor relations services for the Company pursuant to a consulting agreement dated September 1, 2013 (the "Agreement"). Ms. Earle has been engaged to refine and execute an investor relations strategy that will enhance and expand the Company's exposure with the Canadian and international investment community.

The term of the Agreement are for a period of three months from September 1, 2013 (the "Term") and may be renegotiated for a successive term after three months. The Company will compensate Ms. Earle with a monthly fee of CDN\$2,475 for base services and an agreed rate for additional services.

The Agreement is subject to the approval of the TSX Venture Exchange.

## About Aegean Metals Group Inc.

[Aegean Metals Group Inc.](#) (TSX VENTURE:AGN) is a junior exploration company based in Canada with a primary focus on the generation, acquisition, exploration and development of new and early stage gold, copper, and polymetallic properties. The Company currently holds a 100% interest in the Hot Maden gold and base metal prospect in northeast Turkey (subject to a 2% NSR due to Teck Madencilik Sanayi Ticaret A.S. ("Teck"), a Turkish subsidiary of [Teck Resources Ltd.](#)). The Company also exercised its option to earn 100% of the Ergama high-sulphidation epithermal gold prospect in western Turkey from Teck; Teck subsequently exercised a one-time Back-In Option on May 28, 2013 and can earn a 51% interest in the Ergama Property by spending \$1.2M in qualified exploration expenditures within 3 years. ## Forward - Looking Statement

*This news release includes certain "forward-looking information" within the meaning of that phrase under Canadian securities laws. Without limitation, statements regarding potential mineralization and resources, exploration results, and future plans and objectives of the Company contain forward-looking information that involves various degrees of risk. Forward-looking information reflects management's beliefs and assumptions and subject to known and unknown risks and uncertainties, both general and specific to the Company. Although the Company believes the expectations expressed in such forward-looking information are reasonable, such information and statements are not guarantees of future performance and actual results or developments may differ materially from those in our forward-looking information. The following are important factors that could cause the Company's actual results to differ materially from those expressed or implied by such forward-looking information: changes in the world wide price of commodities, general market conditions, risks inherent in exploration, risks associated with development, construction and mining operations, the uncertainty of future profitability and the uncertainty of access to additional capital. Additional information regarding the material factors and assumptions that were applied to develop this forward-looking information as well as the various risks and uncertainties we face are described in greater detail in the "Risk Factors" section of Management's Discussion and Analysis of our financial results and other continuous disclosure documents and financial statements we file with the Canadian securities regulatory authorities which are available at [www.sedar.com](http://www.sedar.com). The Company undertakes no obligation to update this forward-looking information except as required by applicable law.*

*Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.*
