

Ecometals Limited: Cease Trade Order

04.10.2013 | [Marketwired](#)

VANCOUVER, Oct 3, 2013 - [Ecometals Ltd.](#) (TSX VENTURE:EC)(BERLIN:GDQ) (FRANKFURT:GDQ) (the "Company") wishes to advise that a Cease Trade Order (the "CTO") has been issued by the British Columbia Securities Commission (the "BCSC") against the Company for failing to file its audited financial statements for the year ended March 31, 2013 and its interim financial statements for the three months ended June 30, 2013, as well as the related Management's Discussion and Analysis and Chief Executive Officer and Chief Financial Officer certifications for such periods (collectively, the "Required Filings"). It is anticipated that a similar order will be issued by the Alberta Securities Commission as the Company is a reporting issuer in Alberta.

All trading in the securities of the Company, which includes trading in the Company's common shares through the facilities of the TSX Venture Exchange where such shares are listed, will cease until the Company files, among other things, the Required Filings and the CTO is revoked.

On July 26, 2013, the Company announced (the "Default Notice") that, for the reasons disclosed in the Default Notice, there would be a delay in the filing of its audited financial statements for the year ended March 31, 2013, as well as the related Management's Discussion and Analysis and Chief Executive Officer and Chief Financial Officer certifications for such period beyond the 120 day period prescribed for the filing of such documents. As a result of this delay in filing such financial information, on July 29, 2013, the BCSC, the principal regulator of the Company, issued a management cease trade order (the "MCTO"), which imposed restrictions on all trading in securities of the Company by the Chief Executive Officer and the Chief Financial Officer of the Company and all the directors of the Company until the Company files such financial information and the BCSC revokes the MCTO.

The Company confirms that it is continuing to work with its auditors to complete the audit as soon as possible. While the Company's local auditors have substantially advanced their audit in Ecuador, in Brazil such audit has been delayed by, among other things, an ongoing bank strike which prevents the Company from obtaining for audit purposes required confirmations of bank balances, indebtedness and other related information. The Company currently anticipates filing the Required Filings by the end of October 2013. The Company will update the anticipated date for completion as the work progresses.

Despite this CTO, a beneficial shareholder of the Company who is not, and was not at the date of the CTO (October 2, 2013), an insider or control person of the Company, may sell securities of the Company acquired before October 2, 2013 if:

1. the sale is made through a market outside Canada, and
2. the sale is made through an investment dealer registered in British Columbia.
