- Yankuang Resources and HD Mining nominate Australian based executives to be appointed as BRL board members.
- Share buyback program continued with 1.8 million shares purchased. Currently suspended (see below).
- Cash at bank A\$43.7 million and no debt.

Fortuna - 100% BRL

During the quarter, the Company announced an increase to its Fortuna Deposit (100% BRL) to 39.5 million tonnes and the commencement of development evaluation for the project.

The resource defined to date on this tenement has attributes similar to other Darling Range bauxites which supply the existing refineries in Western Australia.

The BRL Fortuna bauxite project area is:

- situated on a small number of private landholdings;
- located approximately 60km north east of Perth, being 10km from the town of Wundowie;
- approximately 12km to the south of existing infrastructure providing a link to Kwinana port approximately 120km away.

The Company is pleased with the increase of the resource, first reported in the June 2013 quarter, further exploration is planned during the coming six months following the company finalising additional land access agreements on the deposit.
