TORONTO, Nov. 19, 2013 - [New Dawn Mining Corp.](#) (TSX: ND) ("New Dawn" or the "Company"), a junior gold mining company operating in Zimbabwe, announced that the shareholders of the Company approved each of the special resolutions presented at a Special Meeting of Shareholders held on November 19, 2013. As more fully set forth in the Management Information Circular dated October 21, 2013, these resolutions authorise the Company to implement each of the following corporate actions on a sequential basis:

- The consolidation of the common shares of the Company on the basis of 1 post-consolidation share for every 100,000 common shares currently held (the "Consolidation Resolution").
- The continuance of the Company from Canada to the jurisdiction of the Cayman Islands (the "Continuance Resolution").

A total of 31,484,993 common shares, or 69.03% of the 45,612,383 common shares outstanding, were represented at the shareholders' meeting. The Continuance Resolution was approved by a favourable vote of 92.17% of the votes cast at the shareholders' meeting.

In conjunction with the share consolidation, each shareholder of the Company, other than dissenting shareholders, holding a post-consolidation fractional common share will be entitled to receive a payment for that fractional share calculated on the basis of C\$0.13 for each common share held immediately prior to the consolidation. Such payment will be without interest and will be made upon application to the Company's transfer agent, consistent with the instructions included in the Management Information Circular and the related Letter of Transmittal. These documents can be obtained at the Company's web-site, www.newdawnmining.com, and on SEDAR at www.sedar.com.

The Company will notify each shareholder who properly and timely filed a notice of dissent pursuant to section 190 of the Canada Business Corporations Act with respect to the Consolidation Resolution and/or the Continuance Resolution by November 29, 2013. Dissenting shareholders are directed to the information included in the Company's Management Information Circular with respect to this matter.

The Company's common shares will be delisted from the Toronto Stock Exchange effective on the close of trading on Wednesday, November 20, 2013.

The Company currently anticipates that it will effect the share consolidation towards the end of November 2013, and the continuance sometime in December 2013. Following the consolidation, the Company intends to take steps to terminate its reporting obligations to Canadian securities regulators.

The Company will continue to advise shareholders as appropriate.
