About Premium Exploration Inc.

Premium is focused on gold exploration at its district-sized land package along the Oro Grande Shear Zone (the "OSZ") in North-Central Idaho, USA. The OSZ is a 30+ km regionally significant trending structure with multiple known zones of gold mineralization and, similar to many large productive gold belts, such as Carlin Trend in Nevada. Premium has a proven exploration strategy, 30 km of drill-ready targets, and is well positioned to create shareholder value through exploration and development of this emerging gold district.
