

International PBX Ventures Ltd. Shareholders Approve Sale of Copaquire

04.12.2013 | [The Newswire](#)

[International PBX Ventures Ltd.](#) ("PBX" or the "Company") (TSX.V:PBX) is pleased to announce that shareholders overwhelmingly (89 +%) approved the sale of the Company's Copaquire copper moly exploration project through its wholly owned Chilean subsidiary, Minera IPBX Ltda. ("IPBX") in Chile to Teck Resources Chile Ltda. ("Teck"), a subsidiary of [Teck Resources Ltd.](#) for US\$3,033,556 cash plus a 3% net smelter royalty (NSR) payable to IPBX. Additionally, Teck will have the option to buy back 1% of the NSR for US\$3 million at any time.

In addition, all of the other items of business which were on the Agenda for the Annual General and Special Meeting of the Shareholders that took place on December 3, 2013 were approved by shareholders by a vast majority (80% to 90% of votes in favour) for each respective item of business, except for the re-appointment of auditors and authorization for Directors to fix auditors' remuneration which was in excess of 95%.

"Now that the Company has obtained shareholder approval for the sale of Copaquire we will work with all parties to close the sale as quickly as possible and would expect it to close in late December or early January," commented company CEO Terry Lynch.

We have begun the process with the TSX Venture Exchange and other parties to officially change the name of the Company to Chilean Metals Inc. and consolidate the stock 10:1 (the "consolidation ratio") as previously announced. The target effective date for the name change and share consolidation is December 27, 2013. As this date becomes firm we will advise our shareholders.

The Company intends to provide an update of its Capital activities for 2014 in late December. As part of this process the Company announces that it has extended the 10,795,833 warrants set to expire December 31, 2013 to a new expiry date of August 31, 2014, subject to TSX Venture Exchange Approval. The company has an additional 10,721,750 warrants and would expect to extend and amend the terms of all the outstanding warrants post consolidation.

PBX owns mineral rights through its subsidiary, Chilean Metals Exploration Ltd. ("Chilean Metals") on six 100%-owned properties comprising over 50,000 acres strategically located in the prolific IOCG ("Iron oxide-copper-gold") belt of Chile. Several of these projects are under review by third parties for possible purchase or joint venture.
