

QMX Confirms Application for Stock to Begin Trading on TSX Venture Post TSX Delisting

11.12.2013 | [Marketwired](#)

TORONTO, ONTARIO--(Marketwired - Dec 11, 2013) - [QMX Gold Corp.](#) (TSX:QMX) ("QMX Gold" or the "Company") announces that, further to the press release dated December 10, 2013, the Company confirms that it intends to list its common shares on the TSX Venture Exchange (the "TSX-V").

QMX has commenced the streamlined application process for the listing of its common shares on the TSX-V in accordance with the TSX-V's policies and is working with both the TSX-V and the TSX to ensure a smooth transition of its listing to the TSX-V without disruption to trading.

Brett New, President and CEO of QMX Gold, commented, "The move to the Venture Exchange is something QMX has prepared for. Prior to receiving the TSX decision, we had already begun the application process to move the securities of QMX to the Venture Exchange. We have an open dialogue with the regulators and we are working together to ensure that a smooth transition is affected. We feel that this transition will have a minimal impact on the liquidity of our shares."

Cautionary Note Regarding Forward-Looking Information and Mineral Resources:

This press release contains or may be deemed to contain "forward-looking information" within the meaning of applicable Canadian securities legislation. Forward-looking information includes, but is not limited to, statements (express or implied) relating to the listing of the Company's securities and/or the future financial or operating performance of QMX Gold, its properties and/or its projects. Generally, forward-looking information can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or state that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved". Forward looking information is subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of the Company, its properties and/or its projects to be materially different from those expressed or implied by such forward-looking information, including but not limited to those risks described in the annual information form of the Company, which is available under the profile of the Company on SEDAR. Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking information. The Company does not undertake to update any forward-looking information, except in accordance with applicable securities laws. It should also be noted that mineral resources that are not mineral reserves do not have demonstrated economic viability.
