## *Cautionary Statements*

Certain information provided herein constitutes forward-looking statements or forward-looking information for the purposes of applicable securities laws (collectively, "forward-looking information"), including the payment of a dividend in the amount of \$0.0335 per common share and per non-voting convertible share on February 14, 2014. The reader is cautioned that the expectations and assumptions used in the preparation of such information, including, but not limited to, assumptions concerning Long Run's execution of its exploration and development program, Long Run's production, commodity prices realized by Long Run, currency exchange rates, royalty rates, operating costs and transportation costs, are believed by Long Run to be reasonable; however, undue reliance should not be placed on such forward-looking information as Long Run has no assurance that it will prove to be correct. The inherent risks and uncertainties that could cause actual results to vary from those anticipated are set forth in the most recently filed annual information form of Long Run which is available on Long Run's SEDAR profile at [www.sedar.com](http://www.sedar.com). The forward-looking information in this press release is provided as of the date hereof and Long Run is not under any obligation to update publicly or revise any forward-looking information, whether as a result of new information, future events or otherwise, unless so required by applicable securities laws.

The payment and the amount of dividends declared in any month will be subject to the discretion of the board of directors of the Corporation and will depend on the board of director's assessment of Long Run's outlook for growth, capital expenditure requirements, funds from operations, potential acquisition opportunities, debt position and other conditions that the board of directors may consider relevant at such future time. The amount of future cash dividends, if any, may also vary depending on a variety of factors, including fluctuations in commodity prices.
