Forward-Looking Statements

This release and related documents may include "forward-looking statements" including, but not limited to, statements related to the interpretation of drilling results and potential mineralization, future exploration work at the Kilgore Project and the expected results of this work. Forward-looking statements are statements that are not historical fact and are subject to a variety of risks and uncertainties which could cause actual events to differ materially from those reflected in the forward-looking statements, including: fluctuations in the price of gold, cost of mining, inability to complete drill programs on time and on budget and future financing. Words such as "believes", "plans", "anticipates", "expects", "estimates" and similar expressions should also be considered to be forward-looking statements. There are a number of important factors that could cause actual results or events to differ materially from those indicated by such forward-looking statements, including, but not limited to: uncertainties involving interpretation of drilling results, environmental matters, obtaining required permitting, equipment breakdowns or disruptions, and the other factors described in Otis' most recent Annual Report.

This news release does not constitute an offer to sell or a solicitation of an offer to sell any securities in the United States.
