

Northern Freegold Appoints Dennis Moore to its Advisory Board

01.04.2014 | [The Newswire](#)

Vancouver, BC / TNW-ACCESSWIRE / April 1, 2014 / [Northern Freegold Resources Ltd.](#) (NFR: TSX-V, NFRGF: OTCQX) (the "Company") is pleased to announce the appointment of Mr. Dennis Moore to the Company's advisory board. Mr. Moore will join Northern Freegold's former President and Director, Sue Craig, and former Director, Darren Fach, on the Company's advisory board.

"We are delighted to have attracted Dennis Moore to our advisory board," Northern Freegold's President and CEO, John Burges, remarked. "Mr. Moore has worked with some of the key players in this industry. He has financed, developed, and has been instrumental in turning resources into profitable mines. Mr. Moore's involvement is a strong testament to our projects and we look forward to working with him."

Mr. Moore stated, "I have been a long time shareholder in NFR, and I believe the Freegold Mountain project has the potential to host several economically viable ore bodies. Having worked on similar mineralized systems around the world, I look forward to using my experience and expertise to add value to the Company on behalf of its' shareholders."

About Dennis Moore

Mr. Moore is an exploration geologist with 30 years international experience, principally in Australia, the Southwest Pacific, South America, and North America. He has worked with both junior and major companies, including Barrick, Newmont, Minera Antamina, and Kennecott. From 1993 until 1998 Mr. Moore was responsible for identifying and generating mineral projects for AI [Toro Resources Corp.](#) and was instrumental in the identification of the Amayapampa and Capa Circa gold deposits in Bolivia. He was also responsible for the discovery of the Tocantinzinho and Cuiu Cuiu gold deposits in Brazil in 2004 and 2006 respectively. Mr. Moore has a B.Sc. degree in Geology from the University of Oregon, and a Master's degree in Engineering from the University of Sydney, Australia. Mr. Moore currently serves as Vice President Business Development and as a Director of [Magellan Minerals Ltd.](#)

About Northern Freegold

[Northern Freegold Resources Ltd.](#) (TSX.V: NFR; OTCQX: NFRGF) trades in Canada on the TSX Venture Exchange under the symbol "NFR" and in the United States on the OTCQX under the symbol "NFRGF". Northern Freegold is a growth oriented Canadian-based precious metals exploration and development company. Northern Freegold is focused on creating value through the advancement of the district scale Freegold Mountain project, which hosts one of the largest undeveloped gold and copper resources in the Yukon and the Burro Creek gold and silver property in Arizona. Cautionary Note Regarding Forward-Looking Statements The information in this press release includes

certain "forward-looking statements". All statements, other than statements of historical fact, included herein including, without limitation, plans for and intentions with respect to the company's properties, strategic alternatives, quantity of resources or reserves, timing of permitting, construction and production and other milestones, are forward looking statements. Statements concerning Mineral Reserves and Mineral Resources are also forward-looking statements in that they reflect an assessment, based on certain assumptions, of the mineralization that would be encountered and mining results if the project were developed and mined in the manner described. Forward-looking statements involve various risks and uncertainties. There can be no assurance that such statements will prove to be accurate, and actual results and future events could differ materially from those anticipated in such statements. Important factors that could cause actual results to differ materially from NFR's expectations include the uncertainties involving the need for additional financing to explore and develop properties and availability of financing in the debt and capital markets; uncertainties involved in the interpretation of drilling results and geological testing and the estimation of reserves and resources; the need for cooperation of government agencies and First Nations groups in the exploration, and development of properties; and the need to obtain permits and governmental approval. NFR's forward looking statements reflect the beliefs, opinions and projections of management on the date the statements are made. NFR assumes no obligation to update the forward looking statements if management's beliefs, opinions, projections, or other factors should change.
