The Company also announces that it has arranged an alternative non-brokered private placement of 22,222,222 units at a price of \$0.27 per unit for gross proceeds of \$6,000,000. Each unit is comprised of a common share and two half warrants (with the first half warrant being half of a "Warrant A" and the second half warrant being half of a "Warrant B"). It is expected that all units will be subscribed for by [Sandfire Resources NL](#), a premier Australian copper gold producer listed on the ASX.

The proceeds from this private placement will be used principally for drill testing of the Misima Island Porphyry and for ancillary exploration activities on the Company's Misima Island project, located in Papua New Guinea, and general working capital.

No finder's fees will be paid on this transaction. The private placement is subject to exchange acceptance. All of the securities issued pursuant to this offering will have a hold period expiring four months and one day after the closing date.
