

# Rocmec issues common shares as interest payment on debentures

09.04.2014 | [The Newswire](#)

Brossard, Quebec / TNW-ACCESSWIRE / April 9th, 2014 / [Rocmec Mining Inc.](#) (the "Corporation" or "Rocmec") (TSX-V Symbol: RMI), announces that it has issued 419,922 common shares of the Company priced at \$0.12 as quarterly interest payments on outstanding debentures as approved by the TSX Venture Exchange May 10, 2012 and announced by press release. The amount of interest totals \$50,390.63 for the period of January 2013 to March 2014. The above mentioned common shares will be subject to a restricted period on resale of four (4) months following the date of issuance.

Rocmec is active in the exploration and the development of gold resources in Quebec and Peru. The Corporation holds a gold property with resources recognised in accordance with NI43-101, a modular treatment plant and also an exclusive license for the thermal fragmentation mining method for exploiting narrow-vein ore deposits.

The company's growth strategy is based on:

- *The development of its gold deposits with the objective of producing revenue from its operations;*
- *Increasing the value of its mining assets by prioritizing the exploration targets; and*
- *The commercialisation and employment of its thermal fragmentation technology.*

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release. This press release includes certain statements that may be deemed "forward-looking statements". All statements in this release, other than statements of historical facts, that address future exploration drilling, exploration and production activities and events or developments that the Corporation expects, are forward looking statements. Although the Corporation believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results or developments may differ materially from those in forward-looking statements. Factors that could cause actual results to differ materially from those in forward looking statements include market prices, exploitation and exploration successes, continued availability of capital and financing, and general economic, market or business conditions.
