

Berkwood Engages ABGeoconseil to Conduct Fieldwork at Lac Gueret East Graphite Property and Consult on Graphite Strategy

10.04.2014 | [The Newswire](#)

Vancouver, BC / TNW-ACCESSWIRE / April 10, 2014 / Berkwood Resources (TSX-V: BKR) (the "Company" or "Berkwood") has retained the services of geologist consultant, Alain Berclaz, P. Geo and CEO of ABGeoconseil Inc. to lead the fieldwork program at Berkwood's Lac Gueret East Graphite Property. Mr. Berclaz has been working as a Geologist for 23 years with significant field experience throughout Europe, West Africa and Canada, including the Grenville Province. He has published, lectured and authored nearly 100 publications. He has worked for the Universite Laval, the Geological Survey of Canada, and the Ministry of Natural Resources of Quebec. He has also worked over the past 15 years as an independent consultant exploring for gold, PGE, base metals (Ni, Cu, Co, Mo) as well as porphyry and IOCG type mineralization (Au, Ag, Cu, Mo, W, Sn, REE).

Brian Buchanan, President and Director of Berkwood commented "Berkwood is uniquely positioned as one of the only companies to have acquired significant land positions in the immediate vicinity of Mason Graphite's advanced Lac Gueret project. The Lac Gueret East Graphite Property is well located in the Grenville Province, sharing a similar geological environment to Mason Graphite's Lac Gueret project. We are looking forward to working with ABGeoconseil on the optimization and potential expansion of Berkwood's graphite portfolio in this prospective region"
