About Molycorp, Inc.

Molycorp is the only advanced material manufacturer in the world that both controls a world-class rare earth resource and can produce high-purity, custom engineered rare earth products to meet increasingly demanding customer specifications. With 26 locations across 11 countries, the Company produces a wide variety of specialized products from 13 different rare earths (lights and heavies), five rare metals (gallium, indium, rhenium, tantalum and niobium), and the transition metals yttrium and zirconium. The Company produces rare earth magnetic materials through its Molycorp Magnequench subsidiary, including neodymium-iron-boron (NdFeB) magnet powders, used to manufacture bonded NdFeB permanent rare earth magnets. Through its joint venture with Daido Steel and the Mitsubishi Corporation, Molycorp manufactures next-generation, sintered NdFeB permanent rare earth magnets. The Company also markets and sells a line of rare earth-based water treatment products. For more information please visit [www.molycorp.com](http://www.molycorp.com).
