The evening presentation program follows:

Condor Blanco Mines - (ASX:CDB) - Iron Ore Opportunity

Time: 17:10 - 17:40

Managing Director Mr Glen Darby has been involved at an executive level in the management of listed and unlisted mining companies for the past eight years, with a focus on project generation, project development and capital raising. Mr Darby has also worked in the commodities trading industry and has a hands-on familiarity with mine to end-user processes. Mr Darby was responsible for the acquisition of assets into Condor Mines, and for the early stage corporate structuring of the company.

Revolution Metals - Royalty Streaming Gold Asset

Time: 18:10 - 18:20

Revolution Metals' Dalmorton asset has all the classic indicators of a large Intrusive Related Gold System (IRGS) deposit with visible gold at surface on their 36 sq km exploration license in northern NSW. Introducing an alternative to just shares, this is an investment that is secured by the already proven in-ground gold asset and shares, and provides a 4 to 1 payback to investors from initial production from the mine.

Mt Adrah Gold Limited - IPO - An Astonishing 800 Metres of Vertical Gold

Time: 18:30 - 18:40

The Mount Adrah IPO will raise AU\$2-3 Million at an issue price of \$0.20 per Share. The latest Gold IPO on the ASX, and certainly one of the most astonishing recently identified IRGS gold deposits, with continuous vertical gold mineralization of 800 metres. Julian Malnic, CEO will present the opportunity and background of the company.

Crater Gold (ASX:CGN) Richard Johnson - Gold in the "Rim of Fire"

Time: 18:40 - 19:10

Richard Johnson, PNG General Manager Mr Johnson is a mining engineer with more than 40 years' experience constructing and managing small and large scale projects in many countries. Between 2002 and 2005, he was responsible for turning around DRD Gold's high grade underground Tolukuma Gold Mine in PNG's Central Province into a highly profitable operation. Mr Johnson has been a senior executive and

Director of a number of listed companies that operate in the PNG and Pacific region, notably the commissioning and commencement of production at Simberi for Allied Gold and DRD Gold, including sitting on the PJV Management Committee from 2004 to 2006. He has been running CGN's Crater operations in PNG for the last year and has been responsible for planning and overseeing the current HGZ exploration and planning to take it to production.
