29.04.2014 | [ABN Newswire](#)

Sydney, Australia (ABN Newswire) - Investorium.tv hosted five potential high growth companies at the Sydney Sky Tower on Monday April 28th, 2014. Hosted by Julian Malnic (Mt Adrah Gold Company) and Tim Mckinnon (ABN Newswire), the evening provided investors with an "in-depth" insight into the presenting companies. The evening was live webcast, and post production videos will be released in early June.

The highlight of the evening was a terrific presentation by Allan Kelly from Doray Minerals (ASX:DRM). Other significant mentions are the Papua New Guinea rich gold asset of Crater Gold (ASX:CGN), the diversifying direction of Condor Blanco Mines (ASX:CDB), and finally the IPO of the Mt Adrah Gold Company (ASX:MTL).

Below are the links to the presentations made by the representing executives of the companies.

The Sydney Sky Tower (Sky Venue) is the highest event space in Australia, perched 305 metres above the city centre. With outstanding views looking north of the city of Sydney, it provides the perfect backdrop for sensational investment opportunities in the resources sector.
