TORONTO, ONTARIO -- (Marketwired - April 30, 2014) - Sprott Resource Corp. ("SRC") (TSX:SCP) and [Long Run Exploration Ltd.](#) ("Long Run") (TSX:LRE) today announced that they have entered into an agreement with a syndicate of underwriters, co-led by National Bank Financial Inc. and Cormark Securities Inc., for a secondary offering by SRC (the "Offering"), on a bought deal basis, of 12,654,635 common shares of Long Run ("Common Shares") at a price of \$5.35 per Common Share for gross proceeds of approximately \$67.7 million. The Offering will not result in an increase in the number of outstanding Common Shares (on a fully-diluted basis) and Long Run will not receive any of the proceeds from the Offering.

The proceeds from the Offering will be used by SRC for general corporate purposes. Upon completion of the Offering, SRC intends to convert all its non-voting convertible shares of Long Run into Common Shares, following which SRC will then indirectly own 23,000,000 Common Shares, or approximately 18.3% of the then-issued and outstanding Common Shares of Long Run. Following completion of the Offering, Stephen Yuzpe, President and CEO of SRC, will continue to be a member of Long Run's board of directors.

"We remain strong supporters of Long Run and its management team. We believe the Offering and subsequent conversion of SRC's non-voting convertible shares simplifies Long Run's capital structure to the benefit of all shareholders," said Stephen Yuzpe. "The Offering allows us to advance our strategic initiatives to build value for SRC shareholders by deploying capital into accretive new investments. We currently have a strong pipeline of potential opportunities and expect to be deploying the proceeds of the Offering in the months ahead."

A preliminary short-form prospectus relating to the offering will be filed with the applicable Canadian securities regulatory authorities no later than May 6, 2014. Completion of the Offering is subject to, and conditional upon, the receipt of all necessary approvals, including regulatory approvals. The Offering is expected to close on or about May 21, 2014.

This news release does not constitute an offer to sell or a solicitation of an offer to buy Common Shares in any jurisdiction. The Common Shares to be offered in the Offering have not been registered under the United States Securities Act of 1933, as amended, and may not be offered or sold within the United States unless registered under the U.S. Securities Act and applicable state securities laws or under an exemption of such registration.
