

Alexandria Minerals is to be Featured on CEO Clips on the Documentary Channel

06.05.2014 | [Marketwired](#)

TORONTO, ONTARIO--(Marketwired - May 6, 2014) - [Alexandria Minerals Corp. \(TSX VENTURE:AZX\) \(FRANKFURT:A9D\) \(PINKSHEETS:ALXDF\)](#) is pleased to report that CEO Clips, a series which profiles the most innovative publicly traded companies in North America, will feature Alexandria Minerals on The Documentary Channel beginning May 5, 2014, Monday through Friday, throughout the day and evenings.

In addition, the program will be posted on these financial portals: [BNN.ca Finance](#), [Canadian Business Journal](#), [German Financial Portal](#), [Thomson Reuters Insider Network](#), [MSN Money](#), [Stockhouse](#), [YouTube](#), [Blinkx](#) and on the Company's web page, as well as on [CEO Clips](#).

[Alexandria Minerals Corp.](#) is a Toronto-based exploration company focused on exploring, developing, and monetizing its Cadillac Break group of precious metal properties which contiguously stretch 35 km along the prolific Cadillac Trend in Quebec. The Cadillac Trend lies within the Southern Abitibi Greenstone Belt which has seen over 170 million ounces of Gold production history. [Alexandria Minerals Corp.](#) currently has global resources totaling 1,426,932 ounces gold (695,524 ounces Measured & Indicated and 731,408 ounces Inferred) on three 100% owned projects proximal to infrastructure-rich Val d'Or where 4 gold mills with excess capacity are within 15 km. The Company has \$5.5 million in the bank plus a royalty on horizon from a recent asset sale. Alexandria is uniquely positioned along the Cadillac Trend with quality gold deposits and the potential to discover significantly more gold.

The Company's plan is to advance its existing gold deposits to marketable status for monetization at local feed-hungry mills, and do what it does best -- discover more new gold. Rapid exploration success since its initial IPO in 2006 and assembling its strategic Cadillac Break land package are attributable in large part to the skilled technical leadership of Eric Owens, PGeo., PhD, Alexandria Minerals' President, CEO, and Co-Founder whom is interviewed here and offers valuable insight into Alexandria Minerals.
