21.05.2014 | [Marketwired](#)

VANCOUVER, May 21, 2014 - [Windfire Capital Corp.](#) (TSX VENTURE:WIF) ("Windfire" or the "Company"), has executed a non-binding letter agreement dated May 16, 2014 (the "Letter Agreement") with Rosebud Productions Inc. ("Rosebud") regarding a proposed transaction (the "Transaction") whereby the Company shall purchase 100% of the issued and outstanding common shares of Rosebud for an aggregate purchase price of \$5,000,000. The purchase price will be satisfied with a combination of cash and securities, as further described below. The Company will commence a due diligence review of the business immediately.

The Company intends that the Transaction will constitute a "Change of Business" transaction for the purposes of Policy 5.2 of the TSX Venture Exchange Inc. ("Exchange"). The Company and Rosebud are at arm's length, and accordingly, the Transaction is not considered a "Non-Arm's Length Transaction". Subject to any regulatory, director or other approvals that may be required, the completing of satisfactory due diligence by the Company and other conditions contained in the Agreement, it is anticipated that the Transaction will be structured as a share exchange with Rosebud. Upon completing the Transaction, it is expected that the resulting issuer will change its name to reflect the company's new direction ("Resulting Issuer") and be listed on the Exchange as a Tier 2 Life Science issuer.

The Transaction

The Company and Rosebud shall enter into a definitive share exchange agreement (the "Agreement") which will include the following payment terms: (i) subject to prior Exchange acceptance, a \$250,000 cash payment by June 15, 2014, which will be secured with a general security agreement over all of Rosebud's present assets; (ii) \$750,000 CDN. in cash upon confirmation that Health Canada has issued its "authorization to build" the leased facility ("Facility") under the Marijuana for Medical Purposes Regulations ("MMPR"); (iii) \$1,000,000 CDN in cash upon issuance of a license to Rosebud by Health Canada recognizing Rosebud as a licensed producer of marijuana under MMPR; (iv) issuance of \$3,000,000 of common shares of the Company, with the number of common shares to be issued based on the 30 day weighted average trading price of the Company's common shares immediately preceding the date which Health Canada issues a license to Rosebud under the MMPR. The common shares will be issued as to 50% on the date the license is issued from Health Canada and the balance on the one year anniversary date of the Agreement.

It is also anticipated that at closing the Resulting Issuer will grant options to acquire common shares at a price to be determined to the directors, officers, employees and consultants of the Resulting Issuer. Further details will be provided in a subsequent news release.

The existing directors and officers of the Company will continue in their current positions with the Resulting Issuer and one additional director will be appointed, as noted below.

About Rosebud Productions Inc.

Rosebud, a private company incorporated under the laws of British Columbia, currently operates a fully functional facility that produces medical marijuana under the previous MMAR regulations. Recently regulations regarding access to medicinal marijuana were revised by Health Canada. The new MMPR allows for patients to gain access to Medical Marijuana through legally Licensed Producers. The vendor's team consists of seasoned industry personnel with a very high level of experience in all aspects of Medical Marijuana production including cultivation, facility design and construction. Incoming Windfire board member Gary Quo Vadis and Jesse McConnell are the founding and controlling shareholders of Rosebud Productions. This business arrangement will enable our team to produce industry-leading Medical Marijuana and related products for our clients at the most affordable prices possible. The existing Rosebud team will

continue to operate the facility under a management agreement.

The Company's President and Chief Executive Officer Clive Massey commented: "This proposed Transaction represents a significant milestone for the Company and will place the Company in a very strong strategic position in the medical marijuana sector. On closing, it is expected that the Company will have a cultivation facility that will be licensed to produce up to 900 kilograms of medical marijuana annually. The Transaction is subject to the availability of funding and the company is in discussion with financing groups to fund the acquisition and development upgrades of the Richmond facility."

Definitive Agreement

The parties will begin to prepare the legal documentary necessary to effect the Transaction. The parties shall complete and be in a position to execute agreements relating to the transaction (the "Definitive Agreement") within 30 days following the execution of the Letter Agreement or such other date as may be agreed to by the parties in writing.

Closing of the Transaction would be targeted to occur within 60 days following the execution of the Definitive Agreement, or such other date, as may be agreed to by the parties, the whole subject to regulatory approval, or such other date as the parties agree to in writing. The Definitive Agreement shall be mutually acceptable to the Company and Rosebud and will contain representations and warranties between the parties that are customary for transactions of a similar nature.
