

Rockcliff Added to Clarus Watch List; Talbot Work Permit Application Submitted to Government

13.06.2014 | [CNW](#)

TORONTO, June 13, 2014 /CNW/ - [Rockcliff Resources Inc.](#) ("Rockcliff" or the "Company") (TSXV: RCR) is pleased to announce that Clarus Securities Inc. has added Rockcliff to their "Watch List" after Rockcliff signed an agreement to acquire a 51% interest in the high grade copper deposit located on the Talbot property, Manitoba (See Press Release dated April 23, 2014). Also, the Company has submitted application to the Government of Manitoba for a work permit to initiate exploration at Talbot which will consist of a significant drill program. The Company is presently completing a \$2.1M financing to fund the initial work program. The Talbot Property is part of Rockcliff's Snow Lake Project which presently consists of four (4) high grade copper Volcanogenic Massive Sulphide (VMS) deposits with significant additional credits in gold, silver and zinc. All deposits are associated with excellent infrastructure and are hosted in geological environments similar to that of present and past producing base metal mines associated with bi-modal volcanic rocks in the Flin Flon-Snow Lake Greenstone Belt.

Rockcliff's President & CEO stated, "We are extremely pleased that Clarus Securities Inc. has added us to their "Watch List". I believe the market will soon realize that Rockcliff is an extremely undervalued Company with significant high grade copper assets in a world class mining camp. We have amassed four (4) significant high grade copper deposits that have tremendous growth potential. The completion of our financing will allow us to explore and expand the Talbot Deposit and search for new discoveries on this underexplored property."

Please access our website at www.rockcliffresources.com to view the Clarus Watch List report.

The Company will be extending the Offering, announced in the Press Release dated April 29, 2014, for a further thirty (30) days.

Ken Lapierre P.Geo., President and CEO of Rockcliff Resources Inc., a Qualified Person in accordance with Canadian regulatory requirements as set out in NI 43-101, has reviewed and approved the information in this press release.
