

# Canamex Shares Final Staged Shares Issued Pursuant to Aranka North Property Option Agreement

30.06.2014 | [Marketwired](#)

VANCOUVER, BRITISH COLUMBIA -- (Marketwired - Jun 30, 2014) - [Canamex Resources Corp.](#) ("Canamex" or the "Company") (TSX VENTURE:CSQ)(OTCQX:CNMXF) (FRANKFURT:CX6) announces that on June 25, 2014 a total of 1,000,000 common shares were issued to [GMV Minerals Inc.](#) ("GMV") in accordance with an Option and Joint Venture Agreement (the "Agreement") that was accepted for filing by the TSX Venture Exchange on August 2, 2011 (refer to News Release dated July 6, 2011). These shares, representing the last of three staged issuances of shares that are required to be made pursuant to the Agreement, are subject to a hold period expiring on October 26, 2014.

Canamex, through its wholly-owned subsidiary Canamex Guyana Inc., was granted an option to acquire up to a 100% interest in the Aranka North property by making cash payments to GMV totaling US\$520,628, expending US\$1,000,000 in exploration work on the property before December 31, 2013 (the Company expended over US\$1 million, so the expenditure obligation has been met), and issuing a total of 3,750,000 shares to GMV, all of which have now been issued. The Company now owns 100% interest in the Aranka North property.

The Aranka North land package contains nominally 98,000 acres in a highly prospective gold region in Guyana, South America. Aranka North lies to the northeast of the major gold discoveries by [Guyana Goldfields Inc.](#) at Aurora and Aranka/Sulphur Rose. The Company has identified two prominent gold-in-soil anomalies on the Ridge Anomaly which is located within the Aranka North property, and completed a 120-hole power auger drilling program on 100-meter, and locally 50-meter, spacing to define the geometry of the gold-in-soil anomaly. The Company has curtailed field activities on the property until further notice, and has the property on care and maintenance.

By securing 100% ownership in the property the Company will look towards ways to realize value for the property that management believes is currently not reflected in the share price of the Company.

ON BEHALF OF THE BOARD
