

Merrex Gold - Grant of Stock Options

04.07.2014 | [The Newswire](#)

HALIFAX, NOVA SCOTIA / TNW-ACCESSWIRE / July 4, 2014 - Greg Isenor, President and CEO of [Merrex Gold Inc.](#), ("Merrex" or the "Company") (TSX Venture: MXI) announces:

Grant of Stock Options

The Company has granted 9,300,000 incentive stock options to directors/officers. The options are exercisable at a price of \$0.145 per share for a term of five years expiring July 3, 2019, all subject to the terms of the Company's incentive stock option plan.

About the Company's Expanded 2014 Exploration Program

The expanded Phase I and Phase II 2014 exploration plan includes 32,750 metres of RC and Air Core drilling and 1,250 metres of diamond drilling budgeted at US\$2,127,000, and was designed to test priority targets identified by geochemical termite sampling. Greater emphasis is being placed on targets occurring within the western permits (Kambaya and Siribaya West), while those located further east are being further refined and prioritized (Kofia to Diarindi). Lastly, up to 12,500 metres of mechanized auger drilling is planned for targets in the eastern portion of the project area.

About Merrex's Siribaya Gold Project

The Siribaya Gold Project is a 50/50 joint Merrex-IAMGOLD advanced-stage gold exploration project in West Mali comprised of approximately 910 square kilometres of gold-prolific exploration permits and permit applications pending. Exploration of the Siribaya Gold Project is conducted under a joint management committee. Expenditures to date on the Siribaya Project total approximately \$40 million.

The Siribaya Gold Project presently hosts a NI 43-101 compliant gold resource estimated at 303,900 ounces grading 2.34 g/t Indicated, and 301,400 ounces grading 2.17 g/t Inferred (July 31, 2012 ACA Howe International Limited); the deposit areas are open to the north, south and at depth. Numerous other gold-anomalous target areas have been identified by geochemistry and require drilling.

Gregory P. Isenor, P. Geo., is the Qualified Person as defined under NI 43-101 who has reviewed and is responsible for the technical information presented in this news release.

Merrex is primarily a West African focused gold exploration company with experienced management, a solid exploration team, a prominent gold-producer as a JV partner and an expanding gold resource.

For further details about the Company's exploration activities or to view the most recent corporate presentation visit Merrex's website at www.merrexgold.com. To be added to Merrex's email contact list please email your request to info@merrexgold.com.

On Behalf of the Board

This press release includes certain statements that may be deemed "forward-looking statements". All statements in this release, other than statements of historical facts, that address future exploration drilling, exploration activities and events or developments that the Company expects, are forward-looking statements. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results or developments may differ materially from those in forward-looking statements. Factors that could cause actual results to differ materially from those in forward-looking statements include market prices, exploitation and exploration successes, continued availability of capital and financing, and general economic, market or business conditions.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
