

Highbank Receives Amended Mines Act Permit on Its Swamp Point North Aggregate Project

04.09.2014 | [Marketwired](#)

VANCOUVER, BC--(Marketwired - September 04, 2014) - [Highbank Resources Ltd.](#) (TSX VENTURE: HBK)(FRANKFURT: V7O), (the "Company"). Further to our news release dated March 26, 2014, Highbank is pleased to announce **receipt of our *Mines Act Permit*** which authorizes sand and gravel (aggregate) extraction activities as detailed in the Notice of Work and Reclamation Program ("NoW") dated October 31, 2013.

Victor Bryant, President and CEO, of [Highbank Resources Ltd.](#), comments, "We are very pleased that we have reached a further milestone in the development of the Swamp Point aggregate project. This marks satisfactory completion and amendments of certain permit conditions described in the original issued *Mines Act Permit* dated March 19, 2014."

Victor Bryant further comments, "Piling work for support of the load-out conveyor and barging is scheduled to commence mid-September, followed by the conveyor installation. Concurrently with this work the crushing, screening and wash plants will be installed and the first gravel shipment prepared for loading."

The next major milestone will mark a turning point in the development of [Highbank Resources Ltd.](#) from an exploration/development company to a significant aggregate producer poised to feed the growth that is, and will take place in the Pacific Northwest over the next coming years.
