

# Petro One Energy Corp. Financing Update

19.09.2014 | [Marketwired](#)

VANCOUVER, - Sep 19, 2014 - [Petro One Energy Corp.](#) (TSX VENTURE:POP) (FRANKFURT:C6K1) reported on September 8, 2014 that Korea Myanmar Development Company Ltd. ("KMDC") had committed to pay \$500,000 on September 19, 2014 towards the private placement which was originally announced on July 28, 2014 and is currently scheduled to complete on October 7, 2014.

The Company is now pleased to report that it has received a copy of an outgoing cable issued by Korea Exchange Bank yesterday confirming that C\$400,000 has been wire transferred to the Canadian dollar trust account of the Company's solicitors in Vancouver, B.C. The Company has been advised that the balance of C\$100,000 due today will be paid by direct deposit in Vancouver this morning. The Company will confirm receipt of funds by way of further news release when its solicitors have received the \$100,000 deposit and an incoming wire payment notification from their bank.

The Company looks forward to moving ahead on this project with KMDC.

ON BEHALF OF THE BOARD

Peter Bryant  
President & Director

## **Forward-Looking Statements**

*Certain statements contained herein constitute forward-looking statements or information (collectively "forward-looking statements") within the meaning of applicable securities legislation, including, but not limited to management's assessment of future plans and operations, including: drilling plans and potential locations; expected production levels; development plans; reserves growth; production and operating sales and expenses; reservoir characteristics; the results of applying certain operational development techniques; certain economic factors; and capital expenditures.*

*Forward looking statements are typically identified by words such as "anticipate", "estimate", "expect", "forecast", "may", "will", "project" and similar words suggesting future events or performance or may be identified by reference to a future date. In addition, statements relating to oil and gas reserves and resources are deemed to be forward-looking statements as they involve the implied assessment, based on certain estimates and assumptions, that the reserves or resources described, as the case may be, exist in the quantities predicted or estimated and can be profitably produced in the future. With respect to forward looking statements herein, the Company has made assumptions regarding, among other things; future capital expenditure levels; future oil and natural gas prices; ability to obtain equipment and services in a timely manner to carry out development activities; ability to market oil and natural gas successfully to current and new customers; the ability to obtain financing on acceptable terms; and the ability to add production and reserves through development and exploitation activities. Although the Company believes that the expectations reflected in the forward-looking statements contained herein, and the assumptions on which such forward-looking statements are made, are reasonable, there can be no assurance that such expectations will prove to be correct. Readers are cautioned not to place undue reliance on forward-looking statements included herein, as there can be no assurance that the plans, intentions or expectations upon which the forward-looking statements are based will occur. By their nature, forward-looking statements involve numerous risks and uncertainties that contribute to the possibility that the forward-looking statements will not occur, which may cause the Company's actual performance and financial results in future periods to differ materially from any estimates or projections. The forward-looking statements contained herein are made as of the date hereof. The Company does not undertake any obligation to, nor does it intend to, publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. The forward-looking statements contained herein are expressly qualified by this cautionary statement. In addition, readers are cautioned that historical results are not necessarily indicative*

*of future performance.*
