About Stans Energy

[Stans Energy Corp.](#) is a resource development company focused on advancing Heavy Rare Earth (HRE) properties in areas of Central Asia and Russia. In December 2009, Stans acquired a 20-year mining license for the past-producing Kutessay II rare earth mine from the Kyrgyz Republic. On May 26, 2011 Stans completed the purchase of the Kashka Rare Earth Processing Plant (KRP) the same plant that previously refined REEs from Kutessay II ores. The KRP was the only hard rock plant to produce all rare earth elements outside of China, producing 120 different metals, alloys, and oxides. For over 30 years, Kutessay II produced

80% of the rare earth metals for the Former Soviet Union.

We seek safe harbour.

FORWARD LOOKING STATEMENTS:

This document includes forward-looking statements as well as historical information. Forward-looking statements include, but are not limited to, use of proceeds from the Offering, the completion of the Offering, the continued advancement of the company's general business development, research development and the company's development of mineral exploration projects.
