About Uranium Standard Resources Ltd. "Uranium Understood"

Uranium Standard is a uranium resource acquisition and development company, helmed by management and directors with expertise and successful track records in the resource sector, and particularly the uranium sector. With uranium prices trading at multi-year lows, the Company's strategy is to consolidate a significant portfolio of advanced high-quality uranium assets at deeply discounted valuations. Uranium Standard expects to realize substantial value as the uranium market recovers through declining global inventories and natural growth in the nuclear power industry.
