About MBAC

MBAC is focused on becoming a significant integrated producer of phosphate fertilizers and related products in the Brazilian market. MBAC has an experienced team with significant experience in the business of fertilizer operations, management, marketing and finance within Brazil. In October 2008, MBAC acquired Itafós Mineração Ltda., which consisted of a phosphate mine, a mill and plant and related infrastructure, all located in central Brazil. Since late 2012, such operations have been phased out as the Company completed the construction of the Itafós Arraias SSP Project. The Santana Phosphate project is a high grade phosphate deposit located in close proximity to the largest fertilizer market of Mato Grosso State and animal feed market of Pará State. Further information on MBAC can be found on the Company's website at www.mbacfert.com and on SEDAR at www.sedar.com.

FORWARD LOOKING STATEMENTS

This press release contains "forward-looking statements" within the meaning of applicable Canadian securities legislation. Forward-looking statements include, but are not limited to, statements related to activities, events or developments that the Company expects or anticipates will or may occur in the future, including, without limitation, statements related to the Company's business strategy, objectives and goals; the expectation of MBAC becoming a significant integrated producer of phosphate fertilizers and related products in the Brazilian markets; MBAC continuing to explore and implement initiatives to address its near-term liquidity requirements; receiving the balance of the indication for a R\$16 million commitment, being able capture the short term benefits of purchasing third party concentrate; being able to produce more granulated SSP immediately, improving cash flow generation. Forward-looking statements are often identified by the use of words such as "plans", "planning", "planned", "expects" or "looking forward", "does not expect", "continues", "scheduled", "estimates", "forecasts", "intends", "potential", "anticipates", "does not anticipate", or "belief", or describes a "goal", or variation of such words and phrases or state that certain actions, events or results "may", "could", "would", "might" or "will" be taken, occur or be achieved. Forward-looking statements are based on a number of factors and assumptions made by management and considered reasonable at the time such statements are made, and forward-looking statements involve known and unknown risks, uncertainties and other factors may cause the actual results, performance or achievements to be materially different from those expressed or implied by the forward-looking statements. Such risk factors include, among others, the Company not becoming a significant integrated producer of phosphate fertilizers and related products in the Brazilian markets; MBAC not being successful in continuing to explore and implement initiatives to address its near-term liquidity requirements; not receiving the balance

of the indication for a R\$16 million commitment, not being able capture the short term benefits of purchasing third party concentrate; MBAC not being able to produce more granulated SSP immediately, improving cash flow generation as well as those factors disclosed in the Company's current Annual Information Form and Management's Discussion and Analysis, as well as other public disclosure documents, available on SEDAR at www.sedar.com. Although MBAC has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended. There can be no assurance that forward-looking statements will prove to be accurate. The forward-looking statements contained herein are presented for the purposes of assisting investors in understanding the Company's plan, objectives and goals and may not be appropriate for other purposes. Accordingly, readers should not place undue reliance on forward-looking statements.
