The Company:

- continued to timely advance the permitting and other activities related to the ongoing development of the Gemfield development project located at the Goldfield property in Nevada;

- incurred a net and comprehensive loss after tax for the nine months ended September 30, 2014 of \$3.25 million (a loss of \$0.03 per share), of which \$1.3 million was directly attributable to the Waterton hostile bid and the Arrangement with Goldrock.

Plan of Arrangement Update

In addition, the Company announces that on November 7, 2014, it obtained an interim order of the Supreme Court of British Columbia to convene and hold a special meeting of its shareholders (the "Meeting") to approve the previously-announced Arrangement involving Chaparral, Goldrock, Fund II, and Waterton.

The Meeting is scheduled to be held on December 12, 2014 at 10:00 a.m. (Mountain Standard Time) in Scottsdale, Arizona. The record date for determining Chaparral shareholders entitled to receive notice of, and to vote at, the Meeting was at the close of business on November 3, 2014.

Computershare Investor Services Inc. will mail on November 13, 2014, to the Chaparral shareholders as of the record date the proxy materials for the meeting, including: the Notice of Special Meeting of Shareholders, a Management Information Circular, a Letter of Transmittal, and the forms of proxy for voting by shareholders. In addition, the proxy materials will be filed and will be available on [www.sedar.com](#) under the Company's profile and on the Company's web-site at [www.chaparralgold.com](#).

The Board of Directors of Chaparral unanimously recommends that Chaparral shareholders vote in favor of the Arrangement.

Environmental Protection Agency Update

On November 5, 2014, Chaparral received correspondence from the Environmental Protection Agency ("EPA") in which the EPA stated that Chaparral may be a Potential Responsible Party with respect to the

smelter sites in Eureka, Nevada by virtue of its relationship with its subsidiary, Metallic Ventures (U.S.) Inc. ("MV"). The EPA further demanded that Chaparral pay the EPA \$6.3 million within 30 days for costs incurred by the EPA at Eureka. The EPA also extended the opportunity to Chaparral to discuss the possibility of negotiating a comprehensive settlement. Management of Chaparral disputes the EPA's conclusion that MV is a potentially responsible party and that any potential liability of MV could possibly be a liability of Chaparral. Management intends to seek further clarification from the EPA on how it arrived at its determinations on both matters. Chaparral does not expect the foregoing issues to hinder or delay the Arrangement.
