

Pure Energy Announces Appointment of Dr. Andy Robinson as Chief Operating Officer

14.10.2014 | [ACCESS Newswire](#)

VANCOUVER, BC / ACCESSWIRE / November 14, 2014 / [Pure Energy Minerals Limited](#) (TSXV: PE) (FRANKFURT: AHG) (the "Company" or "Pure Energy") is pleased to announce the appointment of Dr. Andy Robinson as Chief Operating Officer. Dr. Robinson has extensive international experience in operations and engineering, with a track record of successful project execution and executive management in large and small public companies

"We are very pleased to announce the appointment of Andy Robinson to this key position" stated Robert Mintak, Chief Executive Officer of Pure Energy. "Andy brings a unique combination of technical knowledge of a specific field of expertise related to lithium brine and a strong business savvy that will add significant value to the Company's capabilities as we advance development of our Clayton Valley, Nevada project. On behalf of management and the Board of Directors I would like to welcome Andy and look forward to working with him."

About Dr. Robinson:

Andy is an experienced Geoscientist with a PhD in Geochemistry from the University of Bristol. Post-Doctorate research in geochemistry was followed by over a decade working for an international engineering consulting company where he worked on a wide range of groundwater-focused projects in the resource and energy sectors in Europe, Africa and North and S. America. Subsequently, he has focused on senior technical and executive management roles for publicly listed companies, including Swift Power Corp and Veresen Inc. During this time, he has successfully taken projects from inception to production while developing sustained corporate growth.

The Company has granted Dr. Robinson an option to acquire 400,000 shares at an exercise price of \$.235 per share for a term of 3 years in accordance with the Company's stock option plan. The stock options are subject to vesting provisions.

About Pure Energy:

Pure Energy is an innovative lithium exploration and mineral processing technology company based in Vancouver, British Columbia. Pure is engaged in the resource assessment of the Company's lithium brine properties located in Esmeralda County Nevada, and the parallel testing and developing of innovative, sustainable technological solutions that optimize the value chain, minimize waste by-products, enhance processability and reduce environmental impact.

On behalf of the Board of Directors

Robert Mintak
Chief Executive Officer
