

Appointment of New President and Chief Operating Officer

23.11.2014 | [CNW](#)

[Pacific Potash Corp.](#) (TSX-V: PP) ("**Pacific Potash**" or the "**Company**") is pleased to announce the appointment of Dr. Charlie Cheng as the company's new President & Chief Operation Officer, effective immediately.

Dr. Charlie Cheng holds a Ph.D. in Geology from the University of British Columbia and a M.Sc and B.Eng in Geology from the China University of Geosciences. Over the last 30 years Dr. Cheng has specialized in the exploration and evaluation of almost all types of precious, base and rare metal ore deposits in North and South America & Asia where he worked as the field geologist, exploration geologist, computing geologist, project Manager, chief geologist, general manager of several mineral exploration projects, president & CEO of TSX-V company. Among the projects that Dr. Cheng participated in or was in charge of, three of them have been in production, one of them is under development into a mine, and two of them are in the pre-feasibility and feasibility stage respectively.

Dr. Cheng will work closely with the management team and the geology team of the company in regard to the development of the Amazonas potash property. The company has set up detailed exploration and drilling program, including a 5-holes major drill program. The Board of Directors is highly confident that with the expertise of Dr. Cheng, the company will be able to move the Amazonas potash property forward to the next milestone.
