17.12.2014 | [CNW](#)

VANCOUVER, Dec. 17, 2014 /CNW/ - [Lakeland Resources Inc.](#) (TSXv: LK; FSE: 6LL; OTCQX: LRESF) (the "Company") is pleased to announce a non-brokered private placement of up to 2,500,000 flow through units ("FT Units") at \$0.12 per FT Unit and 3,000,000 non-flow through units ("Units") at \$0.10 per Unit for gross proceeds of up to \$600,000. This is in addition to the \$1.8 million that closed on December 8th, 2014.

Each FT Unit will consist of one flow-through common share and one half of one non flow-through common share purchase warrant in the capital of the Company. Each whole share purchase warrant (a "Warrant") is exercisable into one common share of the Company for a period of 24 months from closing at a price of \$0.15 per common share.

Each Unit will consist of one common share and one warrant. Each share purchase warrant (a "Warrant") is exercisable into one common share of the Company for a period of 24 months from closing at a price of \$0.15 per common share.

Finders fees may be payable in connection with this private placement.

All the securities issuable will be subject to a four-month hold period from the date of closing. The private placement is subject to the approval of the TSX Venture Exchange.

The proceeds received from the FT Units will be used by the Company to incur qualified Canadian Exploration Expenses and the proceeds raised by the issuance of Units will be utilized for exploration of the Company's uranium projects in the Athabasca Basin, corporate development and general and administrative purposes.

Statements in this document which are not purely historical are forward-looking statements, including any statements regarding beliefs, plans, expectations or intentions regarding the future. Forward looking statements in this news release include that the company will successfully raise \$600,000 dollars; finders fees may be payable; securities will be issuable; qualified exploration expenditures will be incurred; any other future event related to this proposed financing.

It is important to note that actual outcomes and the Company's actual results could differ materially from

those in such forward-looking statements. Risks and uncertainties include economic, competitive, governmental, environmental and technological factors that may affect the Company's operations, markets, products and prices. Factors that could cause actual results to differ materially may include misinterpretation of data; that we may not be able to get equipment or labour as we need it; that we may not be able to raise sufficient funds to complete our intended exploration and development; that our applications to drill may be denied; that weather, logistical problems or hazards may prevent us from exploration; that equipment may not work as well as expected; that analysis of data may not be possible accurately and at depth; that results which we or others have found in any particular location are not necessarily indicative of larger areas of our properties; that we may not complete environmental programs in a timely manner or at all; that market prices may not justify commercial production costs; and that despite encouraging data there may be no commercially exploitable mineralization on our properties.
