

Berkwood at AME BC Mineral Exploration Roundup 2015

22.01.2015 | [The Newswire](#)

Vancouver, BC / TheNewswire / January 22nd, 2015 / [Berkwood Resources Ltd.](#) (TSX.V: BKR) ("Berkwood" or the "Company") is pleased to announce its participation at the Association of Mineral Exploration British Columbia's Mineral Exploration Roundup 2015, taking place January 26-29, 2015 at the Vancouver Convention Centre East. The Roundup is the world's premier technical mineral exploration conference.

Berkwood will be one of three companies featured at the Map Tent on Monday January 26. The company will be showcasing its Prospect Valley Gold Property and will have representatives available to meet with event participants to discuss technical aspects of Prospect Valley, including the planned activities of the Company's 2015 exploration season.

The Map Tent is an integral part of the Roundup technical program, providing an opportunity for delegates to view exploration property maps, cross-sections and samples. Displays at the Map Tent focus on generative exploration plays, and provide a venue for discussing geological, geochemical and geophysical survey results and exchanging ideas. The Map Tent will give participants the opportunity to gain insights beyond what is normally presented at standard trade show exhibits or on corporate websites.

About AME BC

AME BC is the lead association for the mineral exploration and development industry based in British Columbia. Established in 1912, AME BC represents, advocates, protects and promotes the interests of thousands of members who are engaged in mineral exploration and development in BC and throughout the world. AME BC encourages a safe, economically strong and environmentally responsible industry by providing clear initiatives, policies, events and tools to support its membership.

About Mineral Exploration Roundup 2015

AME BC's Mineral Exploration Roundup conference brings together prospectors, geoscientists, investors, suppliers and those interested in the mineral exploration industry every January in Vancouver. And over the past 31 years of the conference, Roundup's value to the mineral exploration community has increased.

The theme for Mineral Exploration Roundup 2015 is "Intelligent Exploration", highlighting the renowned Technical Sessions, Core Shack, Prospectors' Tent and Map Tent, where you will learn about the latest discoveries and the strategies used to uncover mineral deposits.

About Prospect Valley Gold Property:

Berkwood holds a 100% interest in the Prospect Valley Gold Property near Merritt, BC. Several areas of gold mineralization have been identified on the 10,871 Ha property. The majority of historic drilling has taken place in the centre of the claim block along the Discovery Trend. This drilling has outlined an extensive low grade epithermal gold system with indications of potential for additional and higher grade mineralization. The system remains open for expansion and other known zones of gold mineralization have yet to be drilled (see Berkwood news release dated January 25, 2012, for details).
