

Western Graphite Inc. Introduces New CEO

03.02.2015 | [Marketwired](#)

[Western Graphite Inc.](#) (OTC PINK: WSGP) (the "Company" or Western Graphite), a mining and acquisition company that identifies mining properties and graphene patents for roll up and acquisition, today announced the introduction of their new CEO Dr. David Wimberly.

Dr. Wimberly has over 40 years of financial advisory and valuation experience, he has completed numerous financial advisory and management consulting assignments as well as almost 1,500 valuation assignments for both public and private companies in a wide variety of companies across about 50 industries and a diverse range of purposes. (www.wsgpgraphite.com for his complete bio).

Western Graphite has undergone a complete rebranding and expanded business strategy during the last 5 months all of which has been overseen by Dr. Wimberly.

"Our devised strategy is to expand our present operations with the acquisition of key graphene patents which will position Western Graphite as a first market mover in a unique hybrid mining and graphene technology strategy," Wimberly stated.

About Western Graphite Inc.:

[Western Graphite Inc.](#) (WSGP: OTC PINK) is a mining and acquisition company which has strategically identified mining properties to roll up. The company is also expanding its base of operations to acquire patents for Graphene technology sources. The combination of exploration mining operations along with Graphene advances in the market place will give Western Graphite Inc. (WSGP: OTC PINK) the opportunity to be a first market mover in a hybrid business development strategy

Forward-Looking Statements

This press release contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934 and as that term is defined in the Private Litigation Reform Act of 1995, which are subject to risks and uncertainties and may change at any time. These statements are only predictions and involve known and unknown risks, uncertainties and other factors including, without limitation, (i) uncertainties regarding our ability to obtain adequate financing on a timely basis including financing for specific projects, (ii) the financial and operating performance of our projects after commissioning, (iii) uncertainties regarding the market for and value of carbon credits and other environmental attributes, (iv) political and governmental risks associated with the countries in which we operate, (v) unanticipated delays associated with project implementation including designing, constructing and equipping projects, as well as delays in obtaining required government permits and approvals, (vi) the development stage of our business and (vii) our lack of operating history. As such, there is no assurance that the initiatives described in the press release will be successfully implemented or meet expectations.

The Company assumes no obligation to update the information in this release.
